Extending care beyond the workplace, MSSSL conducted a Free Multi-Speciality Health Check-Up Camp at Bhagyanagar, Koppal, benefitting over 600 community members, including school children. Services included consultations in general medicine, eye care, dental, women's health, orthopaedics, Echo, ECG, and cervical cancer screening. By providing quality healthcare at the community level, the initiative reinforced preventive care and early diagnosis, especially for underserved populations.
